

## **Liverpool**

**By Naledi**

A city of museums, beaches, and the Albert dock

A city of two famous cathedrals

A city of football lovers

It attracts me to Anfield, the home of football

A city where I live

From university to colleges to primary schools, to nursery schools

A home of loving and caring people

A city to find something to do

Something to get involved with

It's like sunshine from the North West

Where trains, buses, and cars pass by

Airlines flying above the sky

Sometimes it rains, the sun shines, but never cloudy

Where parks spread, the beauty of Sefton Park

Where water falls and where rainbows can be seen beneath the water

Calderstones park, mmm

What a wow!
